

Congress who serves a district where a school has won three State championships thus far this year to let me know it, and I will give them a huge box of Gates barbecue. Kansas City, of course, is the barbecue capital of the galaxy, and I will gladly bring that barbecue in from Gates Barbecue in Kansas City. But I am not even worried, because I am absolutely certain that there is no school in the United States that has won three State championships in 4 months.

I know that there are other people who are proud of their districts, and I am pleased that they are proud of their district, they are proud of their schools. And some people stand up and brag about their districts, and some people are actually telling the truth. But I want to go on record tonight as saying that the entire country can be proud of what has happened in this community, because the entire community has rallied to build this magnificent physical structure that is the school, and I appreciate very much the opportunity to share this with the Congress.
